Lewis Ernest Detention Order

On March 1, 2011, Defendant appeared before this court on a criminal complaint which alleges that Defendant possessed with the intent to distribute Crack Cocaine and Marijuana. Bond was set at \$10,000 (unsecured) with conditions, one of which was that the defendant neither use nor possess any controlled substances not prescribed by a licensed health care professional. In May 2011, June 2011 and October 2011 Defendant tested positive for narcotics, failed to complete drug treatment, and failed to clear his active warrant within the prescribed 90 day period, all in violation of his bond conditions.

On October 20, 2011 Defendant appeared in this court for a bond violation hearing. Defendant's bond conditions were continued, with the amended condition of zero tolerance for any positive drug tests, diluted samples, or missed drug tests. Zero tolerance was also applied to any failure to comply with any substance abuse treatment requirements.

On October 25, 2011 Defendant entered into a 28 day inpatient substance abuse treatment program at Community Programs Inc. in Waterford, Michigan. Defendant's participation in treatment was reported as limited and he participated minimally in activities. Defendant was primarily focused on his medical condition (hemorrhoids). Defendant was transported to Doctor's Hospital in Pontiac on October 31, 2011. He was released the same day with a prescription as was advised to follow up with his primary care physician at some time in the future. Defendant was drug tested upon his return from the hospital on October 31, 2011 and he tested positive for marijuana and opiates. The positive opiate findings may be explained by the fact that Defendant was given Delaudid while in the hospital.

On November 1, 2011 Defendant asked his supervising Pretrial Services Officer if he could leave the facility and travel to Jackson, Michigan to see his primary care physician. He was advised not to travel to Jackson while he was undergoing drug treatment, but to seek treatment locally. Defendant refused to accept this instruction and refused to arrange for payment of his co-pay for the necessary medication. His therapist believes that Defendant was using his medical condition as a pretext for manipulating the staff while in treatment.

On November 4, 2011 Defendant left the facility against the advice of staff. An arrest warrant was issued. Defendant made contact with Pretrial Services on the same date, November 4, 2011 and he was advised on that date to turn himself in to the United States Marshals Service.

On November 30, 2011 Defendant turned himself in on he active warrant. Defendant maintains that during the 26 day hiatus he was taking care of his medical needs. Pretrial Services maintains that Defendant absconded.

On October 20, 2100 Defendant was continued on bond with strict conditions of ZERO TOLERANCE. Defendant's actions while on bond indicate that he has failed to comply with the conditions of his bond. The zero tolerance condition applied to and included any failure to comply with any of his substance abuse treatment requirements. In view of Defendant's violation of his zero tolerance condition, his failure to complete treatment, his positive drug test results, his walking away from his drug treatment program, there is more than a preponderance of the evidence to support this Court's order that Defendant's bond be revoked. Detention is therefore Ordered.
